

Hope is in the bag

October 17 – October 24

Shop to Help. Shop for Hope.

Join the Pennington Business & Professional Association and the Capital Health Center for Comprehensive Breast Care in a unique shopping & dining event week promoting breast cancer awareness and supporting the needs of those undergoing treatment.

A portion of proceeds from the week's events will be donated to the Capital Health Center for Oncology Wig Fund. This fund allows Capital Health to provide wigs to women at a time when they are most vulnerable, transforming their self-esteem and emotional well-being, both crucial to treatment and recovery.

For promotion details and schedule of events follow Pennington Business & Professional Association and Capital Health on Facebook.
